

# BACK TO SCHOOL CONTRACT

## BEDTIME & WAKEUP TIME

Bedtime will be \_\_\_\_\_ every night. I will set my own alarm and wake up every morning at \_\_\_\_\_ because mom needs coffee before she can function.

## TELEVISION

Television during the school week will be after dinner, after homework has been finished, all chores completed and showers taken.

## VIDEO GAMES

No video games during the week. On the weekends you may play two hours per day after chores are complete. I promise not to complain or beg for more time at the end of my two hours (almost always).

## CHORES

I will do my chores every day without complaining. Because, while they totally suck, I know everyone has to pitch in.

## COMPUTER

I can use my computer instead of watching television after dinner.

## HOMEWORK

I will come home from school or practice, have a snack, and then immediately complete my homework after school with minimal complaining (because like chores it sucks).
